

# Competition Teams

---

\*We will be using the same warm ups and jewelry this year. New members will need to purchase these. Returning teammates will need to make sure that can locate theirs and let Aimee or Monica know if you need something reordered.

\*Dancers will be reusing the dances/costumes from last spring for fall competitions. We will reuse costumes whenever practical to help keep costs lower.

\*The Silver and Gold Teams will be working with Valerie to choreograph another dance for spring competitions. There will be a minimal charge when Valerie guest teaches, to help cover her fees.

**Gold Team: 9/18 and 10/20**

**Silver Team: 9/25**

\*Some have expressed an interest in solos, duets, and trios. We would encourage anyone that was interested to pursue that. Just let Aimee or Monica know and we will work out what style you are interested in, and who may be available to help with the choreography. These would be considered private lessons, and charged as such. Many of the competitions have a student choreography category, if that interests you, also.

\*There will a \$30 a month charge for the competition class.

\*Competition team members will need to take a ballet and jazz, in addition to the competition class. They are not required to be part of the ballet in recital.

\*There are competition fees, also. Remember for each routine entered, there will be a fee assessed.
